
New CEO at STS Sensor Technik Sirnach AG

Dear Colleagues

As of Tuesday, **January 9th, 2024**, Mr. **Holger von Both** will take over the management as **CEO** of the STS Sensor Technik Sirnach Group.

Holger von Both, 53, has a doctorate in mechanical engineering and brings with him a wide range of knowledge and experience in the field of sensor technology. Over the past 12 years, he has held management positions at Siemens, Endress+Hauser Flowtec and Baumer.

We warmly welcome Holger von Both and are delighted that he will be joining us in the new year. He will introduce himself personally at the Christmas aperitif on December 19th, 2023 in Sirnach and everyone will have the opportunity to get to know Mr. Holger von Both.

We would like to ask you to welcome Mr. Holger von Both to our company and to actively support him in his new role.

With kind regards

Laszlo Georg Séchy
VRP

Marco Fuchs
